

IDAHOAN HAS NARROW CALL

Dewey Bitton Falls From Train and Breaks Leg in 'Frog'

While attempting to board a Union Pacific freight train at Twenty-ninth and Pacific avenue last night at 9:15 o'clock, Dewey Bitton, 23 years of age, residing at Poplar, Ida., sustained a fractured left leg below the knee, had his left big toe mashed and received a severe cut on the right cheek.

He told the police that his foot caught in the frog of a switch. Thomas E. Bennett, night watchman employed by the Utah Construction company, saw the man fall from the train and ran to his assistance.

Bennett notified the police and Dr. Roy H. Wilson ordered Bitton removed to the Dee hospital. His father, Walter Bitton, R. F. D. No. 3 at Rigby, Ida., was notified. He also has a brother, Alfred Bitton, residing at Montpelier, Ida. He was reported as resting easily at the hospital today.

FAREWELL SOCIAL

A farewell social will be held this evening for Max McClay, who is to depart soon for a mission to the eastern states. A fine program will be given, starting at 8 o'clock in the Eighth ward hall. The rest of the evening will be given to dancing.

FARM BUREAU MEETING SET

Directors to Meet Saturday on Beet Contracts and Dairying

The various activities and the program outlined for the different communities in the county will be reported on by W. Preston Thomas, county agent at the regular meeting of the Weber County Farm Bureau directors in the federal building tomorrow afternoon at 2 o'clock.

At the meeting there will be taken up the sugar beet schedule recently agreed to by the officials of the Utah State Farm Bureau and the sugar companies; the work that has been accomplished along a co-operative marketing line of dairying products; the various demonstrations arranged for on crops and soils; the rodent control work and the work that has been started toward the organization of a baseball league between the various teams of the county.

MILITARY HOP THIS EVENING

Annual Event of Ogden High Corps to Be Held at Berthana

One of the most interesting peacetime military events in the history of Ogden will take place this evening in Berthana hall when the annual military ball of the H. O. T. C. of the Ogden High school will be held.

The big feature of the evening will be the presentation to the high school corps of the Hearst trophy for the winning of the national junior championships in rifle competition against all other corps in the United States. Major H. M. Neely of the regular army will present the cup. Col. C. G. Lawrence, who commands the local cadet body, Mayor Frank Francis, members of the city commission, prominent school officials and many others will take part in the presentation program.

Another feature of the evening will be an exhibition of drill and marching songs by the entire cadet body.

This military ball will be by far the best and most interesting event of the year and will introduce a new departure over former years inasmuch as only selected teams were formerly entered, while this year every member of the H. O. T. C. will participate.

The object of the exhibition is to give the parents and the public at large an opportunity to see for themselves the nature and beneficial results of the H. O. T. C. training. The events will be most interesting and the dancing very enjoyable. Refreshments will be served. The public is invited.

FARMERS ASK FOR CHANGE IN ROAD

The good roads committee, appointed at a joint meeting of the Kamas, Marion, Frances and Woodland, Utah, farm bureaus, has petitioned the forest service to build a roadway from Kamas east up Beaver creek, thence to the main fork of the Provo river leading to its head, thence to the north fork of the Duchesne river, thence down Hayden's fork, to the Bear river to the boundary of the forest and then to connect with the road from the Wyoming side.

The petition was received by District Engineer J. P. Martin this morning and contains 270 names. It is signed by Charles F. Wherritt, chairman of the good roads committee.

The forest service had proposed building a road from Kamas valley to the head of the Provo river where it was to cross the north fork of the Duchesne river and thence down Hayden's fork as indicated in the petition. The requested change will be looked into by the engineering department of the forest service with a view to determining its practicability, District Engineer Martin said.

B. B. COMMITTEES OF COUNTY TO MEET

To draw up the constitution and by-laws and to make the general plans and recommendations for the baseball league to be organized among the communities in Weber county this year, the two committees appointed by League A and League B are to meet tomorrow morning at the federal building.

Both of the committees are to have their plans completed and ready to report to all managers and directors of the various baseball teams at a meeting which is to be held on April 10 at the federal building.

Where Little Red Wagon Meets Limousine

In front of any PIGGLY WIGGLY Store at the busy hour you'll find them—the little red wagon and the big shiny limousine, each waiting to carry home what its mistress has selected at her leisure and paid for in cash. At PIGGLY WIGGLY there is no "class," there is no difference. Each customer helps herself to what she wants free from suggestion or persuasion.

One of the reasons for PIGGLY WIGGLY'S popularity is its democracy and freedom from clerk domination, each customer is his or her own boss. On this basis PIGGLY WIGGLY has thrived and grown; on this basis it will continue to thrive and grow, for it recognizes that folks are just folks and always will be.

HELD HERE ON THEFT CHARGE

A. J. Elden of Salt Lake Arrested in Ogden Baggage Room

As he stepped from a train here late yesterday afternoon, Anthony J. Elden, 26 years of age, was arrested by Sheriff Richard Pincock upon the request of the sheriff of Salt Lake county.

Elden is alleged to have a large quantity of stolen goods in his possession and two trunks and three suitcases were taken in charge by the sheriff. When arrested, Elden was in the baggage room at the depot arranging for his baggage to be transferred to a train bound for Chicago. According to the meagre information which came from Salt Lake, Elden sold out a roominghouse there and is alleged to have taken stolen property with him when he left the city.

His wife was with him when his arrest was made, but she was permitted to go to a hotel while Elden was taken to the county jail. A Salt Lake deputy sheriff will come to Ogden today to take him back to Salt Lake.

MARSHAL JOFFRE RESTS IN SETTLE

SEATTLE, Wash., March 31.—Marshal Joffre of France, who arrived here Thursday night from Blaine, Wash., devoted today to rest.

Bluhill

Green Chile Cheese certainly is swell with spaghetti—or macaroni

OGDEN'S WONDERFUL MILK SUPPLY

MILK SUPPLIED IN OGDEN CITY.

At a meeting with the city commissioners on Monday night, the dairy men and government experts discussed the question of pasteurization, tuberculosis, sanitation and milk supply. During the discussion the fact was disclosed that Weber county, for a number of years, has been virtually free from bovine tuberculosis. In three years only eleven animals have reacted, and of that number not one was positively shown to be a menace through the milk supply.

Today, so far as the government investigation has proceeded, there is not known to be a tubercular cow within the milk-supply area of Ogden. As a result, those present decided there was not an imperative need of pasteurization at this time.

The government official placed emphasis on sanitation and one of the authorities said the most advanced thought on the subject favored the safeguarding of the purity of the milk through the enforcing of sanitary regulations.

The city commission was opposed to taking any action which would tend to create a monopoly and, through monopoly increase the cost of milk to the people.

The commissioners acted wisely in demanding and centering their campaign on cleanliness. In this move they were backed by all interests, including the Farm Bureau, which was represented at the meeting.

The general opinion was that Ogden's milk supply is of a quality superior to that of many other cities. Editorial from Standard-Examiner, March 28, 1922.

Here is the attest to the splendid condition of Ogden's milk supply—the definite reason why Ogden City has determined that it is not essential to have Ogden's milk pasteurized.

The cleanliness of Ogden's dairies, assured by the efforts of the dairymen and the inspection by city, state and federal officials, assures Ogden of the very best milk that is to be secured—good, wholesome, whole milk—with every food ingredient and without paying something extra for an unnecessary task that takes added expense for labor and equipment—an expense for which the consumer would have to pay.
